SRG Global®, a Guardian company, is one of the world's leading manufacturers of high value coatings on plastic for the automotive and commercial truck industries with a manufacturing presence in major world regions including North America, Western and Central Europe and Asia. SRG Global is headquartered in Troy, Mich., USA. Through its Research and Development Centers in Taylor, Mich, USA; Liria, Spain; Suzhou, China; and its global advanced development process, SRG Global works to enhance manufacturing processes and accelerates development and delivery of the next generation of coating technologies and subsystems.

SRG Global engineers solutions for greater surface durability, structural integrity, enhanced functionality, vehicle efficiency and design flexibility. The result is the development of innovative exterior and interior products and processes that create value for customers and consumers and a positive impact in our environment and society. Beyond the finish™.

Guardian Industries

Guardian Industries, a global company headquartered in Auburn Hills, Michigan, operates facilities throughout North and South America, Europe, Africa, the Middle East and Asia. Guardian companies employ more than 14,000 people and manufacture high-performance float glass; coated and fabricated glass products for architectural, residential, interior, transportation and technical glass applications; and high-quality chrome-plated and painted plastic components for the automotive and commercial truck industries. Guardian's vision is to be a preferred partner to our customers, suppliers, employees and communities based on a foundation of mutual benefit. This drives our relentless focus on improving people's lives by providing products and services they value more highly than their alternatives and doing so responsibly while consuming fewer resources. Guardian is a wholly owned subsidiary of Koch Industries, Inc. Visit guardian.com.

PRODUCT LINES INNOVATIONS

G-COAT™

Your inspiration, perfectly reflected. This process dramatically improves paint adhesion to chrome and delivers the gift of choice to the designer. G-Coat™ provides unlimited custom color options for any chrome plated plastic part.

CHOICEPLATE™

A streamlined process supporting infinite design possibilities. Using two-shot injection molding, followed by the SRG Global proprietary selective plating process, customers can enjoy a greater level of design and styling flexibility with reduced complexity.
